UNIVERSIDADE FEDERAL DO CEARÁ

ELECTRONIC DOCUMENT VERIFICATION GUIDE

Current students and alumni can generate electronic academic records independently through UFC's official academic information system, which is accredited by the Brazilian Federal Government.

To verify any of these documents—such as academic transcripts and degree completion certificates—download the file, open it in a standard PDF reader, and use the authentication block located in the page footer (see Figure 1).

Verification can be completed using either of the following methods:

- **Desktop / Web Browser (Manual Entry):** Click the verification link in the footer, select the corresponding international document type (see Figure 2), and manually enter the verification codes in the exact sequence shown on the academic record.

- **Mobile Device (QR Code):** Scan the QR code in the footer using a smartphone camera. Most validation fields will auto-populate; simply complete the CAPTCHA challenge to view the authenticated record (see Figure 3).

Once authenticated, the system displays the confirmation screen shown in Figure 4.

Electronic records submitted from the official accounts listed below and authenticated through the procedures outlined in this guide carry full institutional validity. Printed copies, manual signatures, and physical stamps are not required.
