Some statements of our guest students

To anyone who intends to spend a semester of academic mobility in South America, I can only expressly recommend Fortaleza and UFC. **Gaspar K.**

The atmosphere at the university was always very relaxed. The relationship between professors and students was way more personal than in Germany. During lectures, we always had the impression of being in a school class. I enjoyed studying at UFC very much, even though, in my opinion, the requirements were much higher than at my home university. **David K.**

We did not have to worry about things such as the search for accommodation, visits to the authorities or enrollment at UFC, since they had in good part been solved for us before our arrival. For the rest, we received excellent support from the Brazilian students [of the Buddy-Program PAI]. **Tanja N.**

I can only say that this semester of academic mobility was one of the best decisions I have ever made. **Marcel G.**
