OFFICIAL LETTER NO 9/2026/COINTER_PROINTER/PROINTER/REITORIA

Fortaleza, 7 May 2026.

To whom it may concern,

Beginning in 2022, all diplomas issued by the Federal University of Ceará (UFC) have been awarded exclusively in traceable electronic form. This transition away from paper-based documents is a requirement established under Brazilian federal legislation — namely Ministry of Education Ordinance No. 330 of 5 April 2018 and its subsequent regulations — with which all higher education institutions belonging to the Federal Education System must comply.

Digitally issued diplomas can be authenticated by accessing the electronic signatures embedded therein and verifying the digital certificates associated with each signature as trusted identities.

Because it complies with the standards established by the Brazilian Public Key Infrastructure (ICP-Brasil), the digital certification system adopted by UFC grants electronic signatures the same legal validity as handwritten signatures, similarly to the frameworks established under eIDAS in the European Union, NIST Digital Signature Standards (NIST-DSS) in the United States, and ZertES in Switzerland.

Sincerely,

Prof. Rodrigo Rego, PhD
